COMMEMORATIVE AND FINE ART MEDALS
OFFERED FOR SALE AT FIXED PRICES

JOHNSON & JENSEN • 8 BRIAR RIDGE ROAD • P.O. BOX 1085 • DANBURY, CT 06810

SPRING FEATURE:

THE TWO RAREST JOHN F. KENNEDY MEDALS!

For sale as a set: The large $9\frac{1}{2}$ -inch casting and the companion 3-inch medal. Illustrated as the frontispiece in the E.A. Rochette catalog (The Medalllic Portraits of J.F.K.), where it is also cataloged as K-63A-16.

- The casting is in superb condition. It has the obvious surface texture of a casting. There is no design on the reverse and the cast is $\frac{1}{4}$ -inch thick; it is well cast and beautifully colored. The casting is not in the Rochette collection (nor any other Kennedy collection we know offhand).
- The medal is the same design as the casting. It has a receeding rim where the casting has a raised rim. It has the signature of the artist, Agop Agopoff, on the truncation of the bust; directly below is the copyright mark separating the date: 1964. The reverse of the medal is blank. The medals were ordered for the Town of Barnstable, Mass. (through an agency, Donald Durell & Associates of nearby Falmouth).

This pair is legitimately rare & would be the showpiece of any Kennedy or presidential medal collection. Guaranteed authentic. Complete with pedigree papers. The pair \$3,250.00

THOMASON
MEDALLIC
BIBLE

Here is a very unusual opportunity to obtain missing medals—or topical medals—from the famed Thomason Medallic Bible series. This is an original white metal set, 73mm diameter (not the later 20th century reissue in 45mm). This set was struck by C. R. Collis & Co. in the late 1820s for Sir Edward Thomason who created the 60-medal set from designs from famous paintings. Most medals are in pristine condition, only a few with the slightest imperfections. Fully guaranteed however.

U.S. MINT MEDALS (CURRENT)

In almost every instance the finishing process used at the U.S. Mint (since 1920s) for large medals causes these medals to tarnish quickly. We have found that by refinishing these medals (using a process widely employed by private industry) that the medals then become more aestically pleasing and have a lasting finish. As a service to collectors we offer this refinishing service (for any medals—not just U.S. Mint medals) for a nominal fee (\$4 each bronze, \$6 silver, with a \$10 minimum).

Further, we stand ready to purchase any large U.S. Mint medal at \$2 each; have these medals refinished & then sell them for \$1 less than the current U.S. Mint list price. The medals below reflect this service.
